The Art of Freeman Beard

July 12 – September 5, 2017

"I am very thankful for the gift of an ability to draw and paint, and it is my pleasure to use that gift to share my view of beauty with you.

I grew up in a rural setting in North Carolina, gaining an appreciation for the land, the seasons and the beauty that was all around me. My paintings can be found in private and corporate collections around the country."

~Freeman Beard
